

Village Office Opens to the Public on April 6

The Village of Delburne municipal office opens to the public on Tuesday, April 6th. The Village office was closed back in November 2020 when the Government of Alberta enacted stronger public health measures to protect the health system and slow the spread of COVID-19. As part of the enhanced measures, the Province made it mandatory to work from home unless the employer required the employee's physical presence to operate effectively. Since staff were unable to perform duties from home, Council's solution was to close the doors to the public but still have administration work inside the municipal office.

The Village office is ready with COVID-19 prevention measures in-place

When the office opens on Tuesday, April 6th, COVID-19 prevention measures will be in place. Wearing masks will be mandatory and sanitizer will be available at the front desk. There will be a capacity limit of two members of the public at a time. If the office door is locked during regular business hours it means that there are already two people being assisted and to please wait outside until someone leaves. Staff look forward to serving our community members in-person once again.

For more information about the stronger public health measures visit: www.alberta.ca/covid19

Delburne Minor Ball 2021 Season Registration is now open!

Registration deadline is **April 15th** but please register sooner if possible.

Softball Registration: <http://delburnminorsoftball.rampregistrations.com/>

Baseball Registration: <http://delburneball.rampregistrations.com/>

Important Note: At this time Alberta Health Services is still only allowing "Training" for team sports, meaning games of any form are not allowed. If your child would like to play ball this season you still need to register ASAP.

The restrictions have not changed team registration deadlines with Baseball and Softball Alberta. We also need an idea of player numbers so we are ready to go when we can. If restrictions are lifted but you waited to register to see if they would allow games, we will NOT be able to add your player to the roster after the deadline. Your child CANNOT participate in ANY ball activities if they are not registered through RAMP.

RAMP registrations is a cross association / sport system. If you have used it for other sports such as hockey or lacrosse, you will already have an account. Simply log into your family account.

The link will take you directly to our association's registration portal. If you have not used this system, click the link and create an account.

It is a user-friendly system that is fairly self-explanatory once you are in it. Please note that COACH PITCH (5-7 years) is found under the softball link. Once you have registered you will receive an email confirmation that registration has been completed. Please check your junk mail folder if the confirmation email does not go to your inbox as it is an auto-send email.

Main Street Campground Closed Permanently

Delburne Council has made the decision to permanently close the Main Street Campground for overnight camping. The campground area will become day use only and can be utilized for events such as the Delburne Farmers' Market.

Council believes that the Village should not be competition for the businesses who offer camping in our community. Those campgrounds are Barking Fox Campground, Fawn Meadows Campground, and Fawn Meadows Lodge & RV.

Seatbelt Safety

Alberta RCMP encourages both motorists and passengers to practice the following seatbelt safety tips:

- Ensure the lap belt is positioned low across your hips and the shoulder belt is sitting securely across the centre of your chest
- Do not allow the seatbelt to become twisted. The width of the belt is required to spread the force from a collision across the body.

Fraud Awareness

Protect yourself from scams & fraud

- Don't be afraid to say no to telemarketers.
- Do your research & verify the company before contacting them.
- Don't give out personal information such as your birth date, social insurance number, or banking information.
- Beware of upfront fees. There are no prize fees or taxes in Canada. If you won it, it's free.
- Protect your computer & online accounts. Use strong passwords. Have anti-virus software.

Fiber Optics Construction Alley Clean Up

The fiber optics network crew will be driving through Delburne twice a week to assess and clean up the mess in the alleys that has resulted from the fiber optics construction. This will be an ongoing project as the weather becomes warmer and the ground thaws. In the meantime, if possible, please try and park on street to give the alleys time to dry.

Why Get Immunized

Q: Why is immunization important?

A: Although some individuals are at greater risk for severe complications, without immunization, we have seen that even healthy Albertans are at risk of severe illness and even death from this virus.

Vaccines make your immune system stronger. They build antibodies to help prevent diseases.

Immunization is safe. It is much safer to get immunized than to get COVID-19 disease.

We all must do our part to protect one another. Immunization is the single most effective means of protecting yourself, your loved ones and the greater community from COVID-19.

Q: How do I make the decision on which vaccine is right for me?

A: This decision is a personal choice. AHS, in conjunction with Alberta Health, recommends all Albertans get immunized as soon as they are eligible no matter what vaccine option is provided.

We encourage you to speak with your healthcare provider. In consultation with them, you can determine if the benefits of immunization outweigh potential risks based on your health and circumstances.

We encourage everyone to review current evidence in order to make the best and most informed decision about your health, the health of your loved ones and the greater community.

Book an appointment online: www.albertahealthservices.ca/topics/Page17295.aspx

OR call Alberta Health Link by dialing 811

OR at a participating pharmacy- Delburne Pharamasave 403-749-2214

You are also able to sign up to be notified when it's your turn to be vaccinated by visiting Alberta.ca/covid19vaccine.

Signs of a Healthy Relationship

Healthy relationships are built on love, respect, caring and happiness. Some signs of a healthy and loving relationship include:

- Being valued and respected for who you are.
- Being treated as an equal.
- Being able to talk about your feelings with-out fear of someone making fun of you or putting you down.
- Taking responsibility for your own actions.
- Not blaming the other person when things go wrong.

If you feel unsafe or unhappy about any type of relationship with family or friends, consider talking to someone you trust, or with an FCSS Community Worker
