

# Village of Delburne 27<sup>th</sup> Avenue Rehabilitation 2012

## PROJECT SCOPE

1. Rehabilitation of Roadway
2. Remove and Replace Sanitary Main
3. Replace Water and Sanitary Services
4. Extend Water Main
5. Directional Drill Water Main (18<sup>th</sup> Street)
6. Improve Storm Water Drainage

**Scheduled  
June – September  
2012**

During the summer of 2012 the Village of Delburne is planning improvements to 27<sup>th</sup> Avenue between 18<sup>th</sup> Street and Main Street. The project will be tendered in March 2012, and a construction start is anticipated in June 2012.

During project construction from June 2012 to September 30, 2012, there will be limited access to local and through traffic on 27<sup>th</sup> Avenue, and residents of 27<sup>th</sup> Avenue will experience short-term interruptions to their water and sanitary services.

The Engineer for this project is MPE Engineering. Representatives of the Village of Delburne available for contact are Karen Fegan (C.A.O.), 403-749-3606 and Gary Rusaw (Foreman), 403-373-8434.
