

The DEEP Building Celebrates 40 Years

This year marks the 40th anniversary of the Delburne Economic Expansion Program (DEEP) building, a facility created to support entrepreneurship by providing space for start-up businesses.

The DEEP building was developed as an economic development initiative with funding from the federal government's Western Economic Diversification Program, which was designed to encourage business growth and entrepreneurship throughout Western Canada.

The eight-bay building officially opened on September 20, 1986, and continues to be managed by the DEEP Society today.

Pictured at the ribbon cutting (L to R):

Larry Cooke, Chairman of the Delburne Economic Development Committee

Jack Christensen, Councillor, Village of Delburne.

It's Back to School!

As students head back to the classroom, let's make sure everyone arrives safely.

Please slow down in school zones.

Pay attention to the posted 30 km/hr. speed limits.

Stay alert and watch for children crossing the street.

Keep a safe distance from the school bus, allowing ample stopping time and space.

When the school bus signal lights are flashing, STOP! Do not pass the bus.

The Village of Delburne Office
will be closed on Monday, September 7th.

Welcome back Students and Staff!

Here's to a year of
learning, growth, and success!

Welcome Brandy Metz

Hi everyone! My name is Brandy Metz and I'm excited to introduce myself as a new member of the Village of Delburne team.

I've called Delburne home for the past 10 years, and I'm proud to be part of such a wonderful community. I'm also currently a Member Service Representative with Servus Credit Union, where I've had the pleasure of getting to know and work with many people in our community over the years.

I'm married with two children who attend Delburne School. Outside of work, our family enjoys spending time outdoors, golfing, fishing, quadding, and making the most of our time together.

I'm excited for this new opportunity with the Village and look forward to meeting more of you and continuing to support the community I'm proud to call home!

Village of Delburne Council Meetings

Village of Delburne Outdoor Water Restrictions

In effect May 1st to October 1st

Even numbered addresses are permitted to water on
even days of the month between 6 pm to 10 pm

Odd numbered addresses are permitted to water on
odd days of the month between 6 pm to 10 pm

The Water Restrictions Policy outlines 4 stages of restrictions which are defined by specific metrics or triggers in relation to our water supply.

We are currently in Stage 1: Water Conservation:

- Watering lawns, trees, & gardens on designated days and times.
- No restrictions for filling of pools, hot tubs, or water features.
- No restrictions for cleaning outdoor surfaces.

Watering sod or grass seed? Let the Village Office know.

This helps us track short-term increases in water usage.

RAIL SAFETY TIPS

1 • SPEED MISPERCEPTION

Because of their size, trains appear to be much farther away and travelling much slower than their actual speed. Don't be fooled!

2 • TRAINS CAN'T STOP QUICKLY

The average train needs at least 2 km to stop. Trains can stop, but they can't stop quickly!

3 • TRESPASSING

Taking a shortcut across the tracks or being on railway property is illegal, and trespassers can be seriously injured or killed.

4 • WEIGHT RATIO

An average freight train weighs over 5,500 tonnes. Compare that to a car, which weighs about 1.5 tonnes. A train hitting a car is like a car hitting a pop can.

5 • RAILWAY CARS

Stopped railway cars can move at any time. If you're on one or near one when it moves, you could lose a limb — or worse, your life.

6 • TUNNELS AND BRIDGES

Tunnels, bridges, and trestles are designed only for trains. Trespassers can be seriously injured or killed.

7 • OVERHANG

Trains can carry loads that are wider than the railroad cars themselves. They can have chains, straps or other equipment that may extend outside the car. If you are standing too close, you could get hit.

8 • ANY TIME IS TRAIN TIME

Trains do not always run on schedule. They can run at any time, on any track and come from either direction.

9 • CN POLICE NUMBER

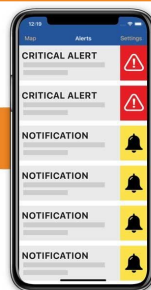

Together we can help save lives! If you witness any unsafe situation near a railroad, please call **1-800-465-9239**.

10 • SAFETY PLEDGE

Act today. Take the pledge at www.cn.ca/railsafety

The National Day for Truth and Reconciliation is September 30th.

The Day honours the children who never returned home and the survivors of residential schools, as well as their families and communities. The *Survivors' Flag* will be raised at the Village office during the last week of September. The *Survivors' Flag* is an expression of remembrance, meant to honour residential school survivors and all of the lives and communities impacted by the residential school system in Canada.

The National Centre for Truth and Reconciliation has webinars, free curriculum resources, and national events. Visit: <https://trw-svr.nctr.ca/>.

September 30th is also Orange Shirt Day. Founded by Phyllis (Jack) Webstad, a residential school survivor, and others, Orange Shirt Day creates awareness of the intergenerational impacts of residential schools and promote the concept of "Every Child Matters." Thank you Tri-West Security for the additional cameras at Main Street Park

TRI-WEST Security recently donated one of its smart surveillance towers to the Village of Delburne. The Village of Delburne and TRI-WEST Security Canada have teamed up to provide locally built technology for the Spray Park and washroom facilities in the village due to recent vandalism.

TRI-WEST Security a national security surveillance provider, builds and programs security units right outside of Delburne in Red Deer County! The self-contained security towers use smart AI technology to detect and deter in real time through one of its three Western Canadian dispatch centers.

Jeff Giesbrecht, manager of Central Alberta operations has met with the Village to learn more about the concerns and provide a solution using smart camera technology. The Village and TRI-WEST want to assure its local citizens that the cameras are not recording any residential areas and are concentrated only on the external washroom facilities and the Spray Park. Any vandalism would then be reported immediately to the Three Hills RCMP detachment. For any questions, please contact the Village office at 403-749-3606 or village@delburne.ca.
