

Delburne Receiving New Curbside Recycling

Starting October 1, 2026, Village of Delburne residents will have access to new curbside recycling collection services!

This new service will be managed by Circular Materials, a national not-for-profit Producer Responsibility Organization (PRO), responsible for Alberta's transition to an enhanced Extended Producer Responsibility (EPR) recycling program for packaging, and paper products .

Soon, you'll be able to recycle materials like glass, foam packaging, Flexible and rigid plastic, cardboard and paper and metal containers and packaging in your curbside recycling program and at your local depot.

Stay tuned for more details or learn more at circularmaterials.ca/AB.

Every Child Matters

On September 30, in recognition of the National Day for Truth and Reconciliation, we were honored to welcome Mrs. Jolene Gopher and the youth indigenous dance troupe from Red Deer for a meaningful and memorable performance. They performed a Fancy Shawl, Traditional, and Jingle Dance. Mrs. Jolene Gopher is from the Sunchild First Nations but has lived in Red Deer for 23 years.

We extend our sincere thanks for sharing their traditions, talent, and time with us. The gathering began with a blessing and smudging ceremony, creating a respectful space for reflection, learning, and connection.

Thank you to all that came out.

Happy Thanksgiving

RECREATIONAL VEHICLE STORAGE IN DELBURNES

Section 5.8 of Delburne's Land Use Bylaw No. 1190/2023 requires that recreational vehicles, motor homes, campers and boats be stored properly.

They must be parked no closer to the property line than 1.5 metres and they must be parked in the driveway. Alternatively, they can be stored in the rear yard or on the side yard equal to or not going passed the front of the house.

Recreational vehicles parked in a Residential District may be used for living and sleeping accommodation only by bona fide tourists for a period no longer than 1 week, up to a maximum of 30 days per year.

Be Prepared-Get Youth Involved

Youth can play an important role in emergency preparedness. Helping them understand what to do in and who to turn to in an emergency can reduce stress for the whole household. Use these activities and resources to start the conversation and help youth #BePrepared:

Map your connections. Use the **Community connection map** to help youth identify trusted people, places, and organizations they can turn to for support and information.

Take the Step it forward challenge. Emergency preparedness is not just about supplies, but about people and connections. Help youth discover how everyone plays a role in preparedness.

Play Community connections bingo. Make preparedness fun while helping youth discover the people and resources that can support them before, during and after an emergency.

Go on a Community connections scavenger hunt. Explore your community and learn about the local places, services, and supports that can help in emergencies and everyday life.

Preparedness is a skill that can be learned at any age. By involving youth in conversations and activities today, you're helping build confidence and resilience for the future.
